Statewide Learning and Development Series

January – June 2020

goer.ny.gov
It is the policy of the State of New York to provide for and promote equal opportunity in employment and equal access to all programs and services without discrimination on the basis of age, race, color, national origin, sex, sexual orientation, gender identity, creed, military status, disability, marital status, domestic violence victim status, predisposing genetic characteristics, arrest record, previous conviction record, and any other status or condition protected by law.

Reasonable accommodations are available, upon request, in all aspects of state training, consistent with the Americans with Disabilities Act and the New York State Human Rights Law, to ensure that every individual is able to gain maximum benefit from the training experience.

The curricula in this series were developed with New York State funding and are intended exclusively for training New York State employees.

The Statewide Learning and Development Series is made available through a partnership between the Governor’s Office of Employee Relations (GOER) and the New York State Learning Alliance (NYSLA).

Self-enrollment for these courses begins December 10, 2019 through the Statewide Learning Management System (SLMS) at nyslearn.ny.gov. For questions regarding enrollment, call the SLMS Help Desk at (518) 473-8087 or send an email to SLMSHelpdesk@its.ny.gov.
Classroom Training Attendance Policy

In order to provide a high-quality training experience and maximize the availability of classes, the following policy shall govern classroom-based Learning and Development Series training.

Punctuality

All classroom-based Learning and Development Series training has a designated start and end time to ensure that participants are exposed to all course materials. Participants who arrive late miss critical information and disrupt ongoing classroom activities. In order to receive credit for participation, enrollees are expected to be present no later than five minutes after commencement of the class. When extenuating circumstances cause a participant to be more than five minutes late, credit for participation will be considered on a case-by-case basis. Regardless of circumstance, participants will not receive credit for classroom-based training if they miss more than 30 minutes of the class. This includes late arrivals, early departures, or mid-day absences. Participants are expected to participate in the class and remain for the duration.

No-show

Classroom-based training is in high demand and most Learning and Development Series classes have a waiting list. When enrolled participants do not show up for a classroom-based training without dropping from the class in the Statewide Learning Management System (SLMS), it prevents a seat from being used. In order to promote consistent attendance in classroom-based training and increase the capacity to train as many NYS employees as possible, participants who fail to show up without dropping the class in SLMS at least three business days (Monday – Friday) in advance of the class date will not be permitted to attend other classroom-based Learning and Development Series training for three months. Exceptions will be made to this policy for participants who are absent from work due to illness, or other approved, unexpected leave.

Enrollment Status

Each classroom-based training is designed to accommodate a certain number of participants. It is imperative that participants confirm their status in SLMS before coming to class to ensure they are enrolled. If the individual’s enrollment status in SLMS reads “pending approval” or “waitlisted,” that individual is NOT registered and does not have a seat in the class. Only when the status reads “enrolled” is a participant authorized to attend.

For questions, contact wodu@goer.ny.gov or call (518) 474-6772.
Classroom Training Weather-Related Cancellation Policy

The Governor's Office of Employee Relations (GOER) will make every effort to ensure that each class that is a part of the Learning and Development Series is held as scheduled. However, GOER recognizes that occasionally weather-related events may make it impossible for training to continue as scheduled. The following cancellation policy applies to all Learning and Development Series classes and Train-the-Trainers.

Class registrants can assume that all classes will be held as scheduled unless they are notified of a cancellation. Decisions regarding cancellations will be made no later than 1:00 p.m. on the business day before the day of the scheduled training.

In the event of a cancellation, GOER staff will communicate this information to participants via three different channels.

1. GOER will send an email to all enrolled participants and their supervisors.
2. GOER will post a cancellation notice on the website [goer.ny.gov/training-and-professional-development](http://goer.ny.gov/training-and-professional-development).
3. GOER will update the outgoing message to reflect the cancellation on the weather hotline voicemail (518) 474-6370.

It is incumbent upon all class registrants to monitor their email, check our website, or call our weather hotline to verify the status of their class during weather-related events.

*Note: All GOER activities follow New York State closure policies. In the event of a weather emergency that results in the closing of New York State businesses or office buildings, classes will be cancelled.*

Impact of Weather on GOER Classroom Training Attendance Policy:

In the event that a class is *not* cancelled, but inclement weather prevents a registrant from attending the class, or arriving on time, the following clauses from our current classroom attendance policy apply:

Absence: *Exceptions will be made to this policy for participants who are absent from work due to illness, or other approved, unexpected leave.*

Tardiness: *Regardless of circumstance, participants will not receive credit for classroom-based training if they miss more than 30 minutes of the class. This includes late arrivals, early departures, or mid-day absences.*
Participants will explore essential group facilitation concepts and the steps used to prepare for effective basic group facilitation. Examples of when group facilitation would be used include conflict resolution, strategic planning, or consensus building. Throughout the course, participants will be given the opportunity to enhance their skills through group discussion and practice.

**Topics**
- Essential group facilitation concepts
- Preparing for basic group facilitation
- Process tools and techniques
- Addressing challenges in group facilitation
- Additional tools for facilitators

**Audience**
All New York State employees

**Length**
One and one-half day
